

Project team (Feb. 2015)

Livius Trache, CS1 – project director
Florin Carstoiu, CS1
Sebastian Toma, Research Assistant
Alexandra Chilug, physicist
Iustinian Focsa, technician (undergraduate student), part time 50%

Project team (Dec. 2015)

Livius Trache, CS1 – project director
Florin Carstoiu, CS1
Sebastian Toma, Research Assistant
Alexandra Chilug, physicist
Dana Tudor, physicist
Iustinian Focsa, technician (undergraduate student), part time 50%
Valentin Balanica, physicist, part time 15%

Project team (Oct. 2016)

Livius Trache, CS1 – project director
Florin Carstoiu, CS1 – 10%
Alexandra Chilug, physicist – 100%
Dana Tudor, physicist – 100%
Ionut Catalin Stefanescu, physicist – 100%
Iustinian Focsa, physicist - 100%
Valentin Balanica, physicist, part time 15%

The young members of the group: Chilug, Tudor, Stefanescu and Focsa, all four having master degrees in 2016, were entirely financed from this grant/project. Their activities are described in detail in the Final Report. The first two (Alexandra Chilug and Dana Tudor) have applied for PhD programs at the University of Bucharest in Sept 2016 and were accepted with scholarships. Both have Nuclear Astrophysics subjects, deriving from the research financed in part by this project.
